Christian Brothers Automotive Celebrates Opening

Sunday, September 18, 2011
By Sarah Fay Campbell

Christian Brothers Automotive at Fischer Crossings held a grand opening celebration on Sept. 16.

The 5,000-square-foot location includes nine service bays as well as an upscale lobby with home-charm decor featuring leather couches, decorative lighting, artwork and hardwood floors, as well as free wi-fi.

Christian Brothers provides full-service automotive diagnostic testing and evaluation, maintenance programs and repair work for all domestic and foreign vehicles.

It is locally owned and operated by Terri and Darrell Ingram.

The Ingrams are working to create a "positive culture shock" with their commitment to honesty and integrity.

"We want to be the light in the Sharpsburg community where customers can depend on us for their automotive needs," said Darrell Ingram. "Christian Brothers Automotive is focused on educating our guests about their vehicles and how to keep their investment running optimally for as long as possible. We don't believe in hard-sell tactics or forcing customers to purchase additional services exceeding their vehicle's diagnosis," Ingram said. "We pride ourselves on our business practices and becoming a go-to source for all community members who may have questions or concerns about their automobiles."
