THE AREA'S LEADING COMMUNITY NEWSPAPER SINCE 1961

Christian Brothers' celebrate their grand opening

By James Lee, Staff Writer
Spike Blevins and wife Karen opened the doors to Christian Brothers' Automotive in Helotes on Thursday, September 23 at 1:00 pm. The Blevins moved to San Antonio in 1986. They wanted to open a business on the Northside of San Antonio from the beginning.

Christian Brothers' Automotive offers

complete automotive repair. This independently owned franchise is operated according to Christian faith and principals. "I wanted a business that shares the same values and beliefs as I," said Blevins. "Christian Brothers' demands honesty and integrity. We are Christian owned but we serve all."

This is the 89th store and the 56th store lo-

cated in Texas. All of the businesses are small family owned franchises. We can do everything a dealership can do and many times at a lower cost.

"I tore my first engine apart when I was 17 sitting in my mother's kitchen," added Blevins. I have always been in the automotive industry and wanted a business in a smaller community around San Antonio."

We offer diagnostic service and complete repairs. We offer a 12 month or 24,000 miles guarantee on most repairs. On big-ticket items, it is a 24 months or 24,000 miles warranty. Our warranty is a nationwide warranty as well as honored by any Christian Brothers' business.

We employ ASE certified technicians and we stand by our honesty

and integrity when meeting the needs of the customer. We work on both domestics and imports—all makes and models.

The community of Helotes has been phenomenal. Everyone is so supportive and we look forward to being a part of the community for years to come. Christian Brothers' Automotive is located at 12544 Bandera Road.
